Corporate Fast

JANUARY 5TH-7TH

Once your child has made a personal decision to make Jesus their Lord and savior, you can begin to introduce them to fasting and prayer in a small but powerful way.

Fasting Tips

CHILDREN & FASTING

Here are some practical ways to fast with kids:

A digital fast. As a family, decide to fast from technology. This could be as simple as not using any electronic devices in the home for a period of time.

Another great way for kids to fast is by reducing some of the time and energy spent watching TV, playing video games, or using the computer or phone. Instead, encourage them to spend time praying, reading their Bible, or serving others.

Why do we Fast?

It helps align our hearts with His purposes as we seek His blessing, provision, and guidance. By introducing children to fasting at an early age, we help them understand and practice this important discipline, given to us by Jesus (Matthew 6:16)

Be intentional about helping kids understand why you're fasting:

- Fasting must center on God. If you fast for any reason other than to center on Him, His will and His desire, it will be in vain.
- Fasting reminds us that God is our provider of every good and perfect gift. Help kids find this reality.
- Fasting helps us focus. The point of a fast is to focus on a particular issue, need, concern, or desire. Determine the point and be very intentional to share and help kids understand.

BRING YOUR OWN BIBLE

We are challenging our children to bring their Bibles to Sunday School every week! Our desire is to equip our children in God's word weekly. They will need their Bibles for scripture reference, weekly group reading, and for our Bible Drill challenges.

F.A.Q:

What if my child does not have a Bible?

If your child does not have a Bible, let us know so that we can make sure they receive one.
